hadiariaz2006@gmail.co

National textile university

PROFILE

Motivated Software Engineering student with a strong academic record (CGPA 3.69/4.00) and hands-on experience in software development, database management, computer networks, and Python programming. Passionate about software engineering, cybersecurity, and problem-solving. Eager to gain practical industry experience through internships.

SKILLS

- Programming Languages: Python, SQL, C++
- Database: SQL, Database Design, Normalization, ER Diagrams
- Networking: Cisco Packet Tracer, Router Configuration, Switch Configuration, VLANs, VTP
- Software Engineering: SDLC, Software Requirements Engineering, UML
- Object-Oriented Programming (OOP)
- Digital Logic Design (DLD)
- Data Communication & Computer Networks

Relevant Coursework

Programming Fundamentals
Object-Oriented Programming
Database Systems
Software Requirements Engineering
Software Engineering Fundamentals
Digital Logic Design
Data Communication & Computer Networks

ACADEMIC PROJECTS

Hostel Roommate Compatibility System
Library Management System
Academy Timetable Management System (SQL Database)
Stress Monitoring System
Tic Tac Toe Game (Python)
8-Puzzle Game Solver (Python)
Cisco Packet Tracer VTP Configuration
Router and Switch Configuration
Flood Detection System using Digital Logic Design and Programming

SQL Projects

Student Management System
Hospital Management Database
Employee Payroll Management System
